There is not a DoDEA high school in the area. Once a student completes 8th grade, he/she will attend a Beaufort County high school based on which installation they reside. Currently, those students who live in Laurel Bay are zoned to attend Whale Branch Early College High School. Students who live on Parris Island are zoned to attend Battery Creek High School. Students who live in housing at the Naval Hospital are zoned to attend Beaufort High School. Home school, virtual school, charter schools, and private schools are also options for high school.
