

Parenting

the Love & Logic Way

Please join us Thursdays for as many of the sessions in this course as you can.

27 Jul - 31 Aug & 4 Oct - 8 Nov from 1400-1530

All classes will be held on MCAS Beaufort, MCAS Bldg. 807, Rm 33 (behind library where IPAC is located)

Preparing children for the real world is the biggest problem parents face!

The Love and Logic approach to parenting is simple – children need to have “real world” learning experiences. Parents learn to consult with their children when they make bad choices while they’re young and the consequences are not expensive and damaging. Rather than getting angry, parents learn to offer empathy and consequences putting the thinking and responsibility back where it belongs – on the child.

For more information and to register please contact Megan Grabowski at 843-228-7059 or megan.l.grabowski@usmc-mccs.org.
