

Married and Loving It!

Come learn to identify communication skills and your partner's love language. Get guidelines for establishing a sound financial future, learn to identify why we get angry and how to deal with it, and the real role of in-laws. We will also discuss how happy couples spend their time, complete household tasks, and other factors that help couples truly enjoy the married life. There are 5 sessions, each covering a different topic. Come to one or come to all! Newly married (less than 3 years) or engaged couples will benefit the most from these fun, interactive workshops.

For more information and to register please contact Megan Grabowski at 843-228-7059 or megan.l.grabowski@usmc-mccs.org.
