

Junior Enlisted Performance Evaluation System

JEPES

Beginning in CY 2021, JEPES will be the means by which Marines in the ranks of Private through Corporal are evaluated and recommended for promotion to the next higher grade. The information provided by JEPES will be readily accessible to the individual Marine, the Marine's chain of command, career planners, and Headquarters Marine Corps (HQMC) in order to ensure the best, most qualified Marines are promoted and retained.
